

Mission trip

written by Arkansas Catholic Staff |

Students at St. Leo University Parish at Arkansas Tech in Russellville participated in a Mission Work Trip to Wichita, Kan., during spring break. The students worked with Catholic Charities in Wichita to conduct projects for them. They helped clients at the Our Daily Bread food pantry, painted and cleaned flower beds and grounds at the Adult Service Ministry and attended adoration and Mass at local churches. They also toured the St. Paul Catholic Student Center at Wichita State University.
